| Objective | Sticker |
| :---: | :---: |
| I can say one more <br> and one less than a <br> number within 20. |  |
| I can read the <br> numerals 1-20. |  |
| I can count forwards in <br> ones (within 20). |  |
| I can count <br> backwards in ones <br> (within 20). |  |

| Objective | Sticker |
| :---: | :---: |
| I can count in tens. <br> (from a multiple of 10 within 100) |  |
| I can recall addition <br> facts within 5. |  |
| I know pairs of <br> numbers that make <br> 10. |  |
| I know doubles to |  |
| 10+10 |  |$\quad$| I can count forwards in |
| :---: |
| ls. |
| from any number within 100) |

| Objective | Sticker |
| :---: | :---: |
| I can count forwards <br> and backwards in <br> ones from any <br> number within 100. |  |
| I can recall addition <br> facts within 10. |  |
| I recognise odd and <br> even numbers to 20. |  |
| I can count in 2s from |  |
| any even number. |  |

| Objective | Sticker |
| :---: | :---: |
| I can count forwards <br> and backwards in10s <br> from any number <br> within 100. |  |
| I can count in 5s. |  |
| I know subtraction |  |
| facts up to 9. |  |
| I know number bonds |  |
| to 9. |  |

| Objective | Sticker |
| :---: | :---: |
| I can double numbers <br> up to $15+15$. |  |
| I can recall <br> multiplication facts for <br> the $10 \times$ table (up to <br> 12x10) |  |
| I know halves up to 20. |  |
| I know number bonds <br> to 100 for multiples of <br> 10. |  |
| I can quickly add <br> multiples of 10 (within <br> 100 ). |  |

| Objective | Sticker |
| :---: | :---: |
| I can count in threes. |  |
| I can recall <br> multiplication facts for <br> the $2 x$ table (up to <br> $12 x 2$ ) |  |
| I know what to add to <br> a number to reach <br> the next multiple of <br> 10 (e.g. $42+\quad=50)$ |  |
| I know half of even <br> numbers within 30. |  |
| I can add multiples of <br> 10 to a number (e.g. <br> $34+40=$ + |  |

| Objective | Sticker |
| :---: | :---: |
| I can recall <br> multiplication facts for <br> the 5x table (up to <br> 12x5) |  |
| I know doubles to <br> $20+20$. |  |
| I know additions within <br> 19. |  |
| I know subtraction <br> facts within 19. |  |
| I can quickly divide by <br> I0 (up to 120\%10) |  |

| Objective | Sticker |
| :---: | :---: |
| I can recall <br> x and $\div$ facts for the $3 x$ <br> table (up to $12 \times 3$ ) |  |
| I can divide mentally <br> by 5 (up to 60 $\div 5$ ) |  |
| I know addition and <br> subtraction facts <br> within 19. |  |
| I know number bonds <br> tol00 for multiples of <br> 5. (e.g. 45+_=100) |  |
| I can count in 4s. |  |

| Objective | Sticker |
| :---: | :---: |
| I can recall $x$ and $\div$ facts for the $8 x$ table (up to $12 \times 8$ ) |  |
| I can recall $x$ and $\div$ facts for the $4 x$ table (up to $12 \times 4$ ) |  |
| Count on and back in multiples of 10,50 and 100 through 100 s and 1000 s boundaries. |  |
| I know number bonds to 100. <br> (e.g. $73+$ ? $=100$ ) |  |
| I know 10 and 100 more or less than any number within 1000. |  |
| I can multiply a single digit number by a multiple of 10 . |  |

| Objective | Sticker |
| :---: | :---: |
| I know pairs of <br> numbers that make 10 <br> (U.t) |  |
| I can recall doubles to <br> $50+50$. |  |
| I can make 1 (e.g. 0.3 <br> $+? ~=~ 1) ~$ |  |
| I can recall <br> x and $\div$ facts for the $6 x$ <br> table (up to $12 \times 6$ ) |  |
| I can quickly add a <br> multiple of ten to a 3 <br> digit number. |  |

| Objective | Sticker |
| :---: | :---: |
| I can recall $x$ and $\div$ facts for the $7 x$ table (up to $12 \times 7$ ). |  |
| I know pairs of fractions that total 1. |  |
| I can find 1000 more or less than a given number within 10000 |  |
| I can multiply multiples of 10 quickly. |  |
| I can recall $x$ and $\div$ facts for the $9 x$ table (up to $12 \times 9$ ). |  |
| I can convert metric units of capacity ( $\mathrm{ml} / \mathrm{l}$ ) and weight ( $\mathrm{g} / \mathrm{kg}$ ). |  |

| Objective | Sticker |
| :---: | :---: |
| I can recall <br> x and $\div$ facts for the <br> $11 \times$ table (up to <br> $12 \times 11)$ |  |
| I can recall <br> x and $\div$ facts for the <br> $12 x$ table (up to <br> $12 \times 12)$ |  |
| I can recall all times <br> tables and division <br> facts to $12 \times 12$. |  |
| I can multiply whole <br> numbers by 10 or 100 <br> mentally. |  |
| I know doubles of num- <br> bers up to $100+100$. |  |
| I can know squared <br> numbers to 152. |  |

| Objective | Sticker |
| :---: | :---: |
| I can count forwards <br> or backwards in steps <br> of powers of 10. |  |
| I can name prime <br> numbers within 20. |  |
| I can mentally add a 3 <br> digit and 2 digit <br> number. |  |
| I can identify the <br> factor pairs for any <br> number within 50. |  |
| I can multiply numbers <br> to one decimal <br> place by 10,100 and <br> 1000. |  |

| Objective | Sticker |
| :---: | :---: |
| I know equivalence <br> between fractions, <br> decimals and <br> percentages (1/2 $=50 \%$ <br> $0.5)$ |  |
| I can find 10\% and 1\% <br> of a number quickly. |  |
| Multiply a two digit <br> number by a one <br> digit number <br> mentally. |  |
| Multiply two one digit <br> numbers mentally, <br> including decimals. <br> $0.5 x 0.3$ 8x0.5 |  |
| I can divide numbers <br> by 10,100 and 1000 <br> (up to one decimal <br> place answers) |  |
