

KEY STAGE 1-2

During key stages 1 and 2, PSHE education offers both explicit and implicit learning opportunities and experiences which reflect pupils' increasing independence and physical and social awareness, as they move through the primary phase. It builds on the skills that pupils started to acquire during the Early Years Foundation stage (EYFS) to develop effective relationships, assume greater personal responsibility and manage personal safety, including online. PSHE education helps pupils to manage the physical and emotional changes at puberty, introduces them to a wider world and enables them to make an active contribution to their communities.

CORE THEME 1: HEALTH AND WELLBEING
